- Editorial, D.C.J.

It was as if the New Year was delayed for lack of interest. Suddenly, 20 days later, it was here and a great pall lifted from an American spirit. That spirit was buried under 444 days of imprisonment and frustration. At the same moment, four years of steady erosion of national purpose and hope changed with the administration. The joy was released like the pop of a cask. It was, finally, a New Year. The term hostages has become a word so reviled, so hated that we hope that we never have to use it again to describe Americans working for their country anywhere in the world. We like to think that our nation should

operate with restraint tempered with a justifiable outrage when necessary. We noted how quickly the Iranian authorities stopped a demonstration outside the Soviet embassy. They obviously respect the Soviets. At the same time, they not only had allowed the capture of our diplomats by a mob but had actually taken over the imprisonment of these Americans and subjected them to even more despicable conditions than the original mob had used. This is a completely new wrinkle in the world - government of a nation acting as terrorist organization. President Elect Ronald Reagan was criticized for calling the Iranian government barbarians and refused to retract that assessment. No one can ever know whether that had an effect on the timing of the release of our Americans but certainly it gave notice that the cheek had been turned far too often.

The philosophy that strength maintains the peace and weakness leads directly to the kind of situation that leads to war is now back with the change of leadership. When former President Carter went to Germany to talk with the former prisoners

We are fortunate that the Soviets chose to invade Afghanistan for if they had not the U.S. might have completed the Salt II signing by the same administration which found it hard to believe that all nations are not trustworthy to lie down together like the lamb and the lion.

single great emotion. This one was a soaring joy. The yellow ribbons symbolized the ties between the millions and the 52 and they were visible everywhere. The children of the country in their schools expressed their feelings simply and eloquently as the freedom planes caught and held the attention of the country as no other flight in modern history. The interviews with the former hostages were cause to fill us with pride for in spite of their treatment they maintained their self-respect with a confidence and trust that the United States would bring them home. They are home. A whole nation is filled with joy.

German-designed, now
manufactured in the U.S. by
American Metal Products Co.

THE RIGHT PRODUCT (A Must for Older Homes)

The Ameri-Therm Vent Damper boom has happened with good reason. It's the kind of energy-saving device you and the general public have long sought. It's thermally-actuated so there's no other power source — making it the easiest vent damper to install. It's based on a

law of physics so it requires no spill switch — eliminating callbacks due to nuisance shutoffs. Its simplicity of design makes possible the lowest price — about half the cost of an electrical or mechanical damper. Its performance is proven — more than 11 years in over 2 million installations in Europe with a perfect safety record.

ELEMENTARY SCHOOL PUPILS AT CENTER SCHOOL MATTAPOISETT ARE SHOWN GATHERED IN MOVING CEREMONY ON WEDNESDAY, JANUARY 21. ON THAT DAY WHEN ALL AMERICANS TALKED OF LITTLE ELSE, THESE CHILDREN EXPRESSED THEIR OWN THOUGHTS ON THE RETURN TO FREEDOM FOR 52 AMERICANS ILLEGALLY SEIZED IN THE AMERICAN EMBASSEY IN IRAN AND HELD FOR 444 DAYS

Center School Welcome

CEREMONY AT CENTER SCHOOL ON RELEASE OF HOSTAGES

On Wednesday, January 21, as the planes carried our former hostages to freedom their great relief and joy was echoed in the hearts and minds of millions of Americans of all ages. In schools all over the nation simple ceremonies gave voice to that deep feeling as children celebrated in speech and song.

At Center School in Mattapoisett, each third grade class wrote a composition to their classroom teacher and these compositions were read at ceremonies Wednesday morning by class spokesmen.

Mrs. Cooney's Class (Read by Jennifer Medeiros) - Today is a very special day be-

cause the fifty-two Americans that have been held hostage in Iran are released. They have been held since November 4, 1979 (444 days). Last night they flew to Germany where American doctors examined them. We are all happy to see them reunited with their families.

Mrs. Tuttle's Class (Read by Todd Regan) - All America rejoices because the hostages are coming home. They can join their families who have been waiting and worrying for so long. The hostages were brave and we are proud of them. Welcome home, brave Americans!

Miss Sylvia's Class (Read by Daniel Macomber) - Now that the hostages have been released, they will be able to live their lives the way they want. They will

be able to choose the food they want to eat, wear their clothes, and see their families and friends. In the United States, they can make their own rules and not be pushed around. They can be free here. We are glad that the final agreement has been made and their families will be happy, too.

Mrs. Lee's Class (Read by Heather West) - We are glad the hostages have been freed. Iran was wrong to take these people and hold them for so long just to get what they wanted from our government. The fifty-two hostages didn't do anything wrong. This caused a lot of sadness. We wish it had never happened.

A letter was received from Senator William Q. MacLean informing the Board of Selectmen that the contract to repave Route 6 in Mattapoisett has been awarded to Forte Bros., Inc. The amount of the contract is \$1,298,493.50.

A letter was received from John Wolbarst, 21 Meadowbrook Lane, in which he voiced his opposition to the proposed mooring facility planned by Mr. Mansfield.

Selectmen received a letter from the Animal Rescue League of New Bedford, notifying them of a price change in the contract, effective March 9, 1981. Price changes are as follows:

	Present	New
Confinement	4.00	5.10
Euthanasia & Cremation	7.00	9.00
Minimum Contract Charge	1,460.00	1,861.50

A letter received from the Department of Environmental Control submitted the town's financial liability for 1981 at \$1,097.42

for Insect Pest Control, \$1,646.07 for Dutch Elm Disease Control.

A letter from the Board of Fire Engineers requested that the Fire Department budget be restated publicly separately from the Police budget. The letter follows:

LETTER TO BOARD OF SELECTMEN, TOWN OF MATTAPOISETT

Gentlemen:

The Board of Fire Engineers request that you restate publicly the budget request of the Fire Department for 1981 - 1982 separate from the Police Department.

It is very misleading to the public to state that the Fire and Police budget request is \$432,397.00.

The Fire Department is asking for only \$35,825.00 which shows no increase for next year. In fact, according to the latest inflation figures, this amounts to an 18% decrease in our budget.

ing Homes in nearby towns, so perhaps we should mention our own work in this field. We recently arranged a special trip to a concert at S.M.U. for residents of the Mattapoisett Nursing Home. I believe this is the second such trip. We have also made a semi-permanent arrangement with our Minibus driver that if a trip is cancelled, or no trip has been scheduled because of a Mattapoisett Seniors' meeting, she is to check with the Nursing Home, and, providing the weather is favorable, try to arrange a trip of some two hours for some of these Seniors who seldom get out. We will try to do more as opportunity arises and we know more of their needs.

We add a final report on our trip to the Providence Civic Center on Sunday, January 18th, to view the Ice Capades. All who went reported themselves extremely pleased, and we on the Council on Aging were likewise pleased. We started worrying about filling our Minibus, and ended by using a big bus and taking 46 Seniors. It certainly was a satisfactory trip.

Window Quilt™

Now, efficient insulation for your windows in four decorator colors

Today it's easier than ever to enhance the beauty of your home with energy-saving Window Quilt insulating shades.

Now you can order Window Quilt in your choice of four decorator colors to complement room decor: bone white, cloud white, navy and camel. And if you like, they may be installed under custom valances and coordinated drapes. They'll please your eye while they seal in warmth.

Track-mounted Window Quilt can reduce winter heat loss through windows and sliding glass doors up to 79%. These multi-layered shades assure far higher insulating value than storm windows, or triple glazing, or decorative drapes. And you'll feel cozy all winter long.

Let us tell you the whole colorful story. Come in today.

Bowling League

ROCHESTER BOWLING LEAGUE-JANUARY 20th

"Big Mack" Louis McKay's 423 was all that was needed to insure a three point win for the Nanfelt's Mink coop team over Hartley Saw Mill. Phil Moy, although high for the Mill with 359, was frequently unnerved by his ace wrist support being out of adjustment and consequently forcing him to alter his methodical four step approach and side arm release. Apparently Herb's TV took the pirate team, the Bowling Stones, for granite, as the latter left with three points. Paul White (385) was especially not very gneiss to Louie Ouellette, who was tops for Herb's with 365. Sturtevant and Hook (Charles Weller 372) dropped the Bowl Mor team two points in the standings notwithstanding Jack O'Leary's 400 for BowlMor. Little Marion Golf Course showed no mercy on young Dick Ouellette (348) and his dad's Guaranteed Pest Control team as the GPC lost all three points at the hot hands of Bob Smith who has been maintaining an overall eight league

Why Everyone Prefers *Sun*®

The automotive service business is always changing, always growing. Each year technology changes; each year the number of vehicles grows. We at Sun want your individual business to grow too, so we anticipate your needs and build rugged, reliable test equipment which helps you stay ahead of the industry.

For fifty years, Sun has been the leader. We were the first to bring laboratory-type infra-red analysis of exhaust emissions to the service shop. We were also one of the first to introduce the oscilloscope to the industry, and our 2001 Diagnostic Computer first brought microprocessor technology through your doors.

At Sun, automotive testing and diagnosis equipment is our **most important** business, so we have to be the best.

Congratulations to GARY BUCKMINSTER, TREMBLAY BUS CO., HILLER SUNOCO, VILLAGE MOBIL, MARION GARAGE and JOE'S ARCO for offering their customers the latest and finest in computer technology for automotive maintenance and repair. Thanks to all of these owners of Sun equipment for recognizing excellence and advanced Sun technology in their automotive service work in this area.

LAST BIRD SEED SALE - FEBRUARY 7th

The birds have been especially hungry throughout this demanding Winter as everyone who feed the birds is aware of. It has been a full-time job to keep up with their appetites. Orders are being taken now at the Children's Museum for our last Bird Seed Sale of the season. We have sunflower seed, special Black Sunflower seed, Mixed wild bird seed, cracked corn, Sunflower hearts and thistle seed. The seed can be picked up on Saturday, February 7th, in the back parking lot of the Museum off Longview Drive in North Dartmouth. The number to call is 993-3361, or stop by and pick up an order blank. Deadline for orders is January 31st. Proceeds from the Bird Seed Sale help the Children's Museum's educational programs throughout the year. Thank you for your support.

Heart Fund

MARION HEART FUND DRIVE TO BEGIN SOON

Early death and disability. That's the problem. Of the nearly 1,000,000 deaths each year from heart disease and stroke, 200,000 occur before retirement age.

Reducing this early death and disability from heart disease and stroke is the mission of the American Heart Association, the only voluntary health agency committed solely to this cause.

Residents and businesses in Marion and elsewhere in Massachusetts are being contacted now or will be in the near future to help the American Heart Association save lives.

Your contributions will be used to fund scientific research into the causes of heart disease and stroke, and then to apply the knowledge gained from research by supporting both professional and public education and training programs in the community, such as Marion vital CPR Training program.

This year's Heart Fund activities in Marion will consist of:

- (1) The door-to-door campaign, scheduled to begin February 8, "Heart Sunday";
- (2) A business campaign, directed toward our talented and successful business community;
- (3) Special fund-raising events, such as:
 - a. a town auction, which was so successful last year;
 - b. a "jump rope for heart", to be held at Sippican School;
 - c. possibly a road race in the Spring for those of us who run for a healthy heart.

Marion Flotilla

The Marion Flotilla 1 - 607 of the U. S. Coast Guard Auxiliary, with newly elected Commander Ken Clarke and Vice Commander Bob Parece, is looking forward to another satisfying year of helping the Coast Guard to carry out its missions.

A large part of the public is unaware of the existence of the Auxiliary, and many of those who are aware of us don't know what it is that we do.

The Auxiliary is a civilian volunteer group whose purpose is to assist the Coast Guard in the areas of Public Education, Operations, and Vessel Examination. As we

carry out these functions, we experience the fellowship of people who enjoy both the sea and the chance to help others.

In 1981, the Coast Guard itself will be able to do very little Public Education, because of a severe reduction in the Boating Safety Detachments. The Auxiliary has extensive offerings - 12 lesson Boating Skills and Seamanship course, aimed at the powerboater; a 13 lesson Sailing

ing people. We have been asked to help in times of emergency, and have, on occasion, acted on regatta patrol for sailboat races, the Round-the-Cape and Plymouth powerboat races, and at the Tall Ships and America's Cup. Some Auxiliaries work at Coast Guard stations and on C.G. boats.

In Vessel Examination, the Auxiliary offers a unique service. All boat owners should know that there are Federal requirements for almost all boats. At the request of a boatowner, a specially trained Auxiliary will inspect that person's boat. If the boat meets the Federal and some Auxiliary requirements, the vessel will be awarded the Courtesy Exam decal. When this decal is displayed, the boat will not be stopped for routine safety checks by the Coast Guard or State Registry. It won't save an operator who's breaking the law, though. If the vessel doesn't meet requirements, no authority is notified, only the owner is told.

The Marion Flotilla members have received achievement awards for both Public Education and Operations. In fact, last year, 1-607 was the outstanding Flotilla of Division VI, which is most of southeastern Massachusetts, except for the Cape.

One of our activities for 1981 is a flotilla membership drive. Flotilla 1-607 is a very small group, and we feel that this area has many people who might be interested in our four cornerstone activi-

ties. We provide special training to basically qualify new members, then we offer courses to further that member's training, if desired. There is Vessel Exam training and Instructor training. To further the member's ability to help the Coast Guard, we offer special courses in advanced piloting, seamanship, patrols, weather, search and rescue, administration, and communications. The Coast Guard Institute offers us free correspondence courses in celestial navigation, electronic navigation, weather, and others. There is special training in operations, air operations, and towing. Soon, members who want to work on the Coast Guard's small boats will be able to take the same training as the regular Coasties and be rated crewman or even coxswain, and be able to run up to a 44' Coast Guard boat.

If you are interested in what the Auxiliary has to offer, are a citizen of the U.S.A., are 17 or older, contact Bob Parece at 295-1662, in Wareham; Ken Clarke in Marion at 748-0525, or Jim Porter at 758-6051 in Mattapoissett. We can provide some inform-

ation regarding prerequisites. Interested people are invited to attend our February meeting on the 17th at the Marion Music Hall on Front Street at 8:00 p.m.

Look for our announcements for the winter Sailing and Seamanship course in the near future.

That goal was scored by Brian Walecka. In a game against Bourne, the Koalas were defeated 10-2. Brian Walecka scored both goals unassisted. Sheryl Herman was in goal for both of those games.

The A.W. Martin Bruins played two league games this weekend also. In the first game the Bruins defeated Harwich 2-0. Goals were scored by Sean Shaw assisted by Chris Smith and Kenny Martin unassisted. In the second game the Bruins defeated the Wareham Squirts in Division II competition by a score of 10-0. Goals were scored by Billy Raynor for a Hat Trick plus one, with assists from Andy Pawelczyk and Billy Hokanson; Chris Smith for a Hat Trick also with assists from Sean Shaw, a double from Shaw and Paul Sanford and one unassisted; Tom Dias scored for two with assists coming from Sean Shaw and Chris Smith; and Kenny Martin scored unassisted. Bryan Becotte was in net for both of those shut-outs. Congratulations, Bryan!

There were no games played in Squirt Division III or in PeeWee Division II.

In the PeeWee III Division, the American Flexible Polars were defeated 11-0 by Yarmouth Dennis PeeWees. Art Parks was

WHAT TO DO FOR A CHIMNEY FIRE

"First, of course, call the fire depart-
ment," said Robert W. Martin, farm safety

specialist for the Massachusetts Coopera-
tive Extension Service.

The next step, if you have a wood burn-
ing stove, is to close all the openings.

"If you have an airtight stove, you have
a good chance of smothering the fire. If
you don't smother it, you at least have

less chance of the down draft blowing sparks into the room," Martin said.

If the fire is still burning, use baking soda or a fire extinguisher on it. This should put out the fire in the stove, and the soda will travel up the chimney and extinguish the rest of the fire.

"If this doesn't work, you should already have the fire department on the way, and they will take care of it," Martin said.

Martin also recommends installing a

ENJOY THE SNOW

A few inches of snow turn any backyard, field, park, golf course or street into a cross country ski area. Just put on your skis and go.

Cross country skiing can be a leisurely walk around the neighborhood or a vigorous mountain adventure. It can be the simple exhilaration of experiencing winter outdoors or the satisfaction of overcoming self and time in a cross country race. Cross country skiing can be a solitary experience or it can involve the warmth of friends and family. It can be powerful, graceful motion or silent, slow meandering.

Cross country skiing can be all of these things. It is one of those rare activities that can constantly change as the needs or desires of the doer change. A few inches of snow can turn any backyard, field, park, golf course or street into a cross country ski area. Just put on your skis and go.
